

Fire Extinguisher Engineer – London/South East England

Due to the business growth of our fire extinguisher service base we have the following fire extinguisher engineer career opportunity.

Triman are a growing Fire and security company accredited to LPS1014 and NACOSS Gold and are proud to be working on numerous prestigious sites with exciting clients.

Triman are seeking a dynamic self-motivated Fire Extinguisher Engineer to join a fast moving, well-established business who over the last 21 years within the industry of fire and security have been successful in providing fire and security protection to their customers.

The skill sets below are highly beneficial:

- Pre-planned maintenance and repairs on fire extinguishers
- Have good knowledge of BS 5306
- Excellent customer service skills
- BAFE qualified
- Have the ability to provide technical advice and quotations to customers
- Overtime available
- Flexible to assist with fire alarm maintenance works

Competitive salary and comprehensive benefits package including company van, mobile phone & laptop.

Training and development will be provided as required.

If you would like to be part of a dynamic and passionate team, please email CV to info@triman.co.uk.
